O R D E R:

In G.O. No. Ms.1011, Development dated 1.3.49 the Director of Agriculture was permitted to purchase paddy and millet seeds from the seed farm ryots during 1949-50 i.e. April 1949 to March 1950 by paying 25% extra over the village site price notified by Civil Supplies and he was asked to recover the excess amount through sale price without any loss to Government. The Director of Agriculture has now instructed the District Agricultural Officers to procure Kuruval paddy seeds at 12½% extra in delta area and upto 15% extra in non-delta areas for crops under tanks and wells, to meet the situation caused by the Agricultural Department could procure the required quantities of seeds at the reduced rates. As regards millets, he has instructed all the District Agricultural Officers

p.t.o.

to treat the rate of 25% sanctioned in G.O. No. Ms. 1011, Devlopment dated 1-3-1949 as the maximum and fix the actual premium in individual cases at lower suitable rates, if necessary The action of the Director of Agriculture in having reduced the rates of subsidy as mentioned above and in having issued instructions in this regard to all the District Agricultural Officers in anticipation of the Government sanction is approved. The Director of Agriculture has suggested that these reduced rates might be made applicable in respect of the seeds procured upto 30-6-50. The Government accept the Joint Director of Agriculture's suggestion. The rates shall include the ordinary seed farm premium and all other incidental charges, excepting transport charges. Orders fixing the rate subidy for the year 1950-51 i.e. from 1.7.50 are being issued separately.

2. The general question of selling improved seeds to ryots at market rates and subsidizing the difference between the purchase price and the market rate is separately under consideration. Pending issue of orders on this question, the Director of Agriculture is requested to sell the seed without any loss to Government on the basis adopted hitherto.
